MESSAGE FROM THE MAYOR

HENRY LESSNER

Hello Fairview!

At the time of publishing for this month's Fairview Town News, I will be navigating the Nile in Egypt. But never fear, I will return next month with my regular scheduled community message.

In the meantime, I thought you might enjoy a few facts about the Nile River:

- The Nile is the longest river in Africa and the world, stretching over 4,000 miles.
- The Nile has two main tributaries: the White Nile, which originates in Uganda and is the longer of the two, and the Blue Nile, which originates in Ethiopia.
- The Nile played a crucial role in the development of Egyptian civilization. It provided water for irrigation, transportation, and drinking and served as a source of fish and other food.
- The Nile is home to various plants and animals, including crocodiles, hippopotamuses, and over 400 species of birds.
- The Nile has played a significant role in the history and culture of many African countries, including Egypt, Sudan, and Ethiopia. It is considered a sacred river in some cultures and has been the subject of many works of art and literature.

And here are some famous movies set on the Nile.

- "African Queen" (1951) - American adventure film based on C.S. Forester's 1935 novel of the same name. Set in German East Africa at the outbreak of World War I.
- "Death on the Nile" (1978 & 2022) - a mystery film based on the 1937 novel of the same name by Agatha Christie.
- "The Mummy" (1999) - a horror adventure film set in ancient Egypt, featuring scenes along the Nile.
- "Agora" (2009) - a historical drama set in ancient Egypt, featuring scenes along the Nile.
- "The Nile Hilton Incident" (2017) - a crime thriller set in Cairo, featuring scenes along the Nile.

I will continue my monthly Breakfast with the Mayor meetings. If you would like to catch up with me this month, stop in Fairview Farmers on the second and fourth Mondays of the month.

BUSINESS SPOTLIGHT

On A Mission to Make Men Look and Feel Their Best:

Grooming Store chooses Fairview, Texas for its 1st Texas Expansion

When you think about “salons,” you don’t think about men. Many women have a standing date at their salon with a stylist who knows their preferences and helps them look and feel their best. But the truth is this doesn’t exist for men. Sure, there are barber shops and places men can go for a cut or a shave, but the luxury experience of a salon tailored just to men is yet to be available.

In Fairview, a group of friends, colleagues, and business partners aim to add to this narrative by including men in the conversation, providing them with the same luxury salon experience women have had for years by opening a “Grooming Store” in February 2023.

The simple mission is to make men “Look and Feel Their Best.” Grooming Store opened its first location in Ashburn, Virginia, in 2017, with a second soon after in Arlington, VA, in 2019. As they grew through the pandemic and beyond, Ashley Vastey and his partners Ricardo Gray, Aaron Cain, and Jesse Velasco were attracted to the business model, the success, and the opportunity this unique store offers.

One of the colleagues recently relocated to the DFW and saw an opportunity to contribute positively to the community. After researching, they decided that Fairview, TX was the perfect location for a Grooming Store franchise. It’s easy to see why they have experienced such tremendous growth. They have taken the concept of the traditional barber shop and modernized it,

creating an experience out of what used to be a simple cut and shave. This aspect is what appealed to Mr. Ashley Vastey. As a young man growing up in New York City, he would get his hair cut every few days, knowing that it was essential to dress for the job he wanted, not the job he had.

“When you look your best, you feel your best, and you show up better for your family and at your job,” he explains. “The look, the feel, the status of what represents you, it whom you strive to be, it’s who you always want to be,” he says.

And that’s what they set out to do with Grooming Store.

Grooming Store’s difference lies in the word experience. You don’t just get a haircut and shave at Grooming Store; you experience them. With just six barber chairs, there is an intimate one-on-one feel between the client and their barber. Each service is personalized to the client’s wants and needs and is a time for the client to unwind and walk out refreshed and feeling their best. While walk-ins are accepted, reservations are preferred so that each client gets personalized attention with minimal distractions and interruptions. And with packages ranging from a basic cut to a hot towel shave and beard groom, there is something for every man’s style on their menu.

Grooming Store offers an elevated barber shop experience with their personalized service alone. But, keeping in step with their commitment to luxury, they also offer facials as an add-on to any style service. They also have licensed in-house aestheticians, Grooming Girls, who provide a variety of customized facial treatments using top-of-the-line products designed with the unique skincare needs of men in mind, along with scalp, shoulder, and neck massages.

Beyond the grooming services and customized spa treatments, Grooming Store is also a retail location, carrying over 25 **premium** men’s grooming brands such as Billy Jealously, Scotch Porter, and Murdock London at reasonable prices. With everything from beard care products to trimmers, Grooming

Store has all the products a man needs to feel his best every day, not just on “cut day,” and that’s something Mr. Ashley Vastey and his partners are proud of.

The Grooming Store experience is for everyone, from the young 12-year-old kid who wants to look fresh for school to the distinguished gentleman going for the “silver fox” appeal. It transcends age or demographic and, instead, speaks to a lifestyle and a mindset, something that appeals to the partners.

“My background is in IT. I worked for 25 years supporting the government and realized that I wanted to do more, to branch out and diversify my portfolio. My partners are all the same. We’re hard-working individuals who want to create a legacy and make a lasting impact. It’s the ‘American’ way, leveraging an entrepreneur’s mindset, identifying a customer’s needs, and producing a product

of substance and value,” says Mr. Ashley Vastey.

They also wanted to give back to the community, and Grooming Store offers us that opportunity. It goes beyond just how someone looks and how someone feels! It is who you strive to be and who you always want to be.

Grooming Store is sure to be an incredible addition to Fairview for its unique and personalized offerings and the hard-working and community-minded individuals behind it. They are currently on target to open in late February 2023. They are planning a ribbon-cutting ceremony with multiple opening-day activities for the entire family to enjoy. In the meantime, you can follow them on Instagram (@GroomingStoreFairview) to receive updates and information about their grand opening and check out their website (www.groomingstore.com) for details on their services and products.

Shopping Local for Valentine's Day

Valentine's Day is quickly approaching, and it's time to start thinking about what special gift you'll get for your loved one. While shopping online for the perfect present may be tempting, we encourage you to consider shopping locally this year.

Supporting small businesses and local merchants has never been more critical, and there are many great reasons to shop locally for your Valentine's Day gifts.

For starters, shopping locally helps to support your community. Small businesses are the backbone of our community; by supporting them, you're helping keep money and resources within your neighborhood. This can have a ripple effect, boosting the local economy and helping to create jobs for your neighbors.

Shopping local also means you'll have access to unique and one-of-a-kind gifts you can't find

anywhere else. Small businesses often offer handmade or locally made items, giving you a chance to give your loved one something truly special and meaningful. Check out Artistic Endeavors, one of our newest retail stores in the Fairview Town Center.

In addition to supporting your community and finding unique gifts, shopping locally can be more convenient. Many small businesses offer personalized service, making it easier to find exactly what you're looking for and get the help you need.

So this Valentine's Day, we encourage you to shop locally for your gifts. Not only will you be supporting your community and finding unique presents, but you'll also be able to take advantage of the personalized service and convenience that small businesses offer.

Coyote Meadow Work Day Wrap-up

On Saturday, December 3, Fairview Parks & Rec Board members Katherine Ponder and

Renee Powell oversaw an effort to seed wildflowers and create a shade garden at the Coyote Meadow / Roadrunner Trail area. Both projects were approved at the November 2022 Town Council meeting. The meadow was formerly listed as Coyote Park, and the new name will be officially designated with new signs in the coming weeks.

The Public Works team headed up by Aron Holmgren completed some advance work, including thinning trees by Roadrunner Trail at Meandering Way, delivering plants and mulch, creating a walkable mow path in the meadow, and providing equipment for the workday.

With months of planning and advice from Collin County Master Gardeners, the project got underway. Volunteers from nearby neighborhoods including Cypress Crossing and The Domain assisted by spreading wildflower seeds along the paved Roadrunner Trail and the new mow path in the meadow. *Visitors are encouraged to walk on the mow path to get new views of the meadow.*

The shade garden is now complete, with hardy Texas natives, adapted plants, and bare-root plant starts that will thrive beginning this spring. All were carefully selected by Master Gardeners to be low-maintenance, shade-tolerant, and drought resistant.

Master Gardener Jenny Nelson, who provided knowledge and plants, advised, "There's an expression, 'The first year a native garden sleeps, the second year it creeps, and the third year it leaps.'" The takeaway is that this spring will show some new life and new colors in the meadow and shade garden; but the real show will be approximately three years away.

Parks & Rec Board Chair Katherine Ponder said, "I really wanted to help this area flourish and provide an even more appealing area for residents. It's such a beautiful area, and the current paved path only skirts the edges. Now people can enjoy it from the start of the trail at Meandering Way, all the way literally through the

meadow with the mow path. I can't wait to see what happens this spring. I know it'll take a while to really see it all come together, but seeing any progress is encouraging."

Thank you to everyone who contributed to the effort. Watch for the area to grow and change as plants come into their own!
