MESSAGE FROM THE MAYOR

HENRY LESSNER

Town of Fairview

372 Town Place
Fairview, TX 75069
972-562-0522

Dear Neighbors,

Welcome to April. Hopefully winter is just about over; I am looking forward to seeing the leaves budding out soon. I have seen daffodils blooming in resident's lawns already as I drive through the town. Here are some things going on around town.

Winter Storm

Our Town staff did an outstanding job in preparing for and working through the extremely cold weather in February. Despite regular electrical outages, we were never in danger of losing our water service. Our Fire, Police, and Public Works (PW) folks worked together to handle 164 calls for help from our residents during that week, about what our Fire Department typically handles over two months. Fairview has no snow removal equipment, so PW was using the construction equipment they had driving through the cold with the open cabs wrapped in saran wrap! I also heard rumors about some of our PW folks sleeping on the floor in their office staying in town so they can respond quicker to emergencies. Among many other things, our team was able to turn off water to 62 homes and helped with smoke alarms triggered by electrical issues.

Frisco Road

This project moves the existing Frisco Road south such that it aligns with Country Club Road. When TxDOT expands Highway 5 north of Country Club, access from the south to Medical City McKinney will be blocked and ambulances coming from the south (Fairview, Lucas, Allen, etc) will take another 5-6 minutes to get to the ER. This reworked road also allows direct access to Fairview from eastbound Highway 121. Reworking this road has been in our capital plan and is budgeted at \$4M. Our Town Manager, Julie Couch, worked with federal officials and was able to submit a grant application to the US Commerce Department under the Economic Development Administration (EDA) about two years ago. Fairview was just awarded \$3M specifically to help complete the rework of Frisco Road. The balance of the project cost is mostly coming from road impact fees that developers pay to the Town. Some of the early planning on this road rework has been completed so as soon as the EDA money is available, we will move forward quickly with bidding the project.

Solid Waste Contract

The Town's contract with Republic expires in September 2021. Because of years of good service provided to Fairview, the Council is starting contract negotiations with Republic as opposed to going out for open bids. Changing providers would be difficult especially when it comes to how Republic handles our bulk trash needs. Because of the large number of trees in our Town, our residents need bulk pickup of large amounts of landscape debris. The bulk pickup service that Republic provides to Fairview is unique and probably impossible to duplicate with a different provider without significantly increasing rates, so we don't want to disrupt this service. The Council will be in discussions with Republic for the next several months.

Drainage

Fairview's older neighborhoods were developed prior to the Town having any capability to review development designs leading to drainage problems

(continued on next page)

MESSAGE FROM THE MAYOR

*continued from
previous page*

that some of our neighborhoods experience. A meeting was held with the Bluebird Lane neighborhood outlining some options in their neighborhood to alleviate drainage issues. Our Town Engineer, James Chancellor, and Council Member Ricardo Doi (who as a PE handles drainage projects in his paying job) presented several options to the neighborhood. The biggest issue in this neighborhood will be obtaining easements from a few residents so that the Town can legally do work on residents' property. James and Ricardo will continue to follow up working towards a solution.

At our March meeting, the Council approved a contract with Huitt-Zollars to put together a plan to help alleviate drainage issues in the FoxGlen neighborhood. A neighborhood meeting is planned for late March to get resident input.

Council Meetings

At the April 6 meeting, Council members will move back to the Council seats and chairs for residents will be spread throughout the remaining space in the Council chamber trying to maintain a semblance of social distancing. The Council requests that attendees at our meetings wear masks. Council members will continue have the option of attending meetings remotely. We will continue remote access to Council meetings for the public going forward. We appreciate everyone's patience over the past year as we all battled this dangerous disease.

COVID-19

While the mask mandate has been dropped and restaurants can go to 100% capacity, we need to remember that the virus is still out there and causing serious problems for those who get the disease. I am starting to hear about children – young children – getting the disease. Please be careful. Get vaccinated. Wear a mask when you are around crowds. I am worried about the upcoming spring break time for college students. If the virus has a big resurgence like I just heard this morning is happening in Europe, various restrictions might be reimposed on us.

A request

If you have questions or concerns about things going on, please don't spread rumors please ask someone who might know the answer. Ask one of our Council members, ask someone on our staff, and you can always email me at Mayor@FairviewTexas.org.

As always, please remember those that are less fortunate than we are here in Fairview. ACO, North Texas Food Bank, Samaritan Inn and Treasured Vessels all have leaders who live in Fairview. Send them a check.

Stay safe.

COUNCIL'S CORNER

At the Tuesday, February 2, 2021 Regular Town Council meeting, the Town Council discussed the following items:

- Approved the following items on the consent agenda:
 - » The minutes of the January 3, 2021 Regular Council meeting.
 - » The minutes of the January 18, 2021 Special Council meeting.
 - » The minutes of the January 22, 2021 Council Retreat.
 - » An ordinance calling the May 1, 2021 General Election and authorizing the Town Manager to execute a joint agreement with Collin County for the provision of election services.
 - » A resolution authorizing continued participation with the Atmos Cities Steering Committee and payment of assessed dues for 2021.
- Received reports from Staff, including any updates on project tracking reports and department activities
 - » Monthly Financial Report – Period ending December 31, 2020
 - » Quarterly Financial Report – Period ending December 31, 2020
 - » Monthly Police Report – Period Ending January 31, 2020
 - » Monthly Fire Report – Period Ending December 31, 2020
- » Town construction projects
 - Conducted a public hearing and approved an ordinance approving a request to rezone a 16.8-acre tract of land from the (RE-3) Three-acre Ranch Estate District to a (PC) Planned Center District with modified (RE-1.5) One-and-one-half-acre Ranch Estate District standards. The site is located at 800 Country Club Road, on the south side of Country Club Road, east of Stoddard Road. Applicant: Tim Jackson, representing owners Bruce and Shannon Kelly. (ZA2020-03)
 - Conducted a public hearing and approved an ordinance approving a text amendment to the zoning ordinance related to residential entryway features. Applicant: The Town of Fairview. (ZT2020-01)
 - Approved flooring project for fire station 2 and take necessary action.
 - Approved an ordinance amending Town drainage system regulations and take any additional necessary action.
 - Discussed COVID-19 activities and actions and take any necessary action.
 - Discussed and made appointments to Boards & Commissions.

Holiday Closures

In observance of Good Friday, Fairview Town Hall will be closed on Friday, April 2, 2021. Trash will still be collected, and construction is allowed in Fairview on Good Friday.

Fairview Youth Theatre

It's that time of year again when you start planning activities to keep the kids busy during summer. North Texas Performing Arts (NTPA) offers a wide variety of classes and camps both in person and virtually throughout the summer at all four of their locations - Fairview, Frisco, Plano and Dallas locations.

In the Virtual Theatre Explorers Camps (ages 7-14), students will learn the art of bringing stories to life as they create original short plays based on familiar characters. At the end of the week, they will virtually present a reading of their new play, and demonstrate the skills they learned in writing, acting and making simple props to help tell their story. These

camps are great for beginners in theatre as well as those looking to expand their experience

The weekly Art and Drama Camps (ages 5 - 8), Exploring Theatre Camps (ages 7-11), Production Camps (ages 9 - 13) and Two-week Productions (varying ages) offer something for everyone. The full and half day camps are taught by professional directors, actors and singers who have worked from Broadway to L.A. Students will participate in activities that include Improv, poetry, singing and puppetry - just to name a few. And, each camp will present their production at the end of the week.

As part of NTPA's 30th Anniversary Series the directors for *Les Misérables*

and *The Sound of Music* are accepting video auditions through April 3 and April 23 (respectively).

With social distancing guideline tickets are a hot commodity these days and the FVYT staff recommend purchasing tickets to all upcoming shows as soon as possible but don't worry you can also watch the shows virtually. On stage in April *The Drowsy Chaperone* April 2-11, *Mary Poppins* April 8-11, *The Big Bad Musical* April 22-24, *Romeo and Juliet* April 22-25 and *Honk, Jr.* April 29-May 2.

For more information regarding classes, camps, auditions and productions call 972-422-2575 or visit FairviewYouthTheatre.org.

ACTOR OF FAIRVIEW: Myabi

Myabi is 15 years old and in the ninth grade. Myabi has been involved at North Texas Performing Arts since she was 6 years old. She started by attending summer camps and is now in her 26th major production. She says she loves acting because “I get to play all kinds of different characters and work with many people.”

She is looking forward to her next show, *The Drowsy Chaperone*, because “It is a very unique show. We have a character named “Man In Chair” who constantly breaks the fourth wall to talk to the audience and emotionally relate to them. I will be playing Kitty who is a dumb but quirky girl who follows the producer around. I have never played a character like her and her costume is super cute!”

Her favorite show to be in so far was *The 25th Annual Putnam County Spelling Bee*, directed by Mr. Denver Danyla. “This show was super fun because we had audience volunteers for every show and even the actors on

stage did not know what to expect.”

For those considering trying out a camp, acting class or major production with NTPA, Myabi says, “the directors are super loving, and making friends is incredibly easy in any show. Most actors are very welcoming and extroverted and would love to get to know someone new.” She says Fairview Youth Theatre became her instant home when she started performing here in fifth grade. “I have grown as a person and actor with Fairview Youth Theatre. The directors and show moms have been so supportive and always made me feel welcomed. I have made so many friends so entering a new show is less and less scary because I see more friends. I love Fairview Youth Theatre so much and would not change one thing.”

Come support Myabi and the rest of the cast of *The Drowsy Chaperone* April 2 – 11. For ticket information or more details go here: NorthTexasPerformingArts.org/event/drowsy-chaperone/

Getting Neighborly, a new Podcast being launched by the Fairview Economic Development Corporation, focuses on sharing what makes our town a community; the people. Join us as we have real conversations with Fairview residents and introduce them to our listeners.

Our guests are varied, including nonprofit founders, CEOs, small business owners and others doing exciting things to make a difference in our world. But; the one thing they all have in common is their love of Fairview.

They are all your neighbors, living right here in the Town of Fairview. Join us as we start Getting Neighborly in Fairview, Texas

TOWN OF FAIRVIEW

2021 GENERAL ELECTION

The Town of Fairview operates under a Council-Manager form of government. The Town Council consists of a Mayor and six Councilmembers that are volunteers elected at-large. The 2021 General Election will be held on Saturday, May 1, 2021 and includes the following candidates for Fairview Town Council:

Seat Candidate

Mayor Cynthia Brugge
Henry Lessner

Seat 1 Rich Connelly

Seat 3 Jeannette Grazioli
Ricardo Doi

Seat 5 Ken Logsdon

Residents who are registered voters with a “valid from” date of registration on or before May 1, 2021 may vote at any of the listed early voting locations

or Election Day voting centers that are open under full contract services with the Collin County Elections Administration. The chart below lists early voting dates and hours of operation.

Early Voting will begin in Collin County on Monday, April 19 and end on Tuesday, April 27.

Election Day Voting will take place at Fairview Town Hall at 372 Town Place on Saturday, May 1 from 7:00 a.m. to 7:00 p.m. Early Voting will not take place at Town Hall.

Here is a list of some of the many Collin County voting centers local to Fairview and are open for both Early Voting and Election Day voting.

- Collin County Elections Office, 2010 Redbud Blvd. Ste. 102, McKinney
- Lovejoy ISD Administration Building, 259 Country Club Rd, Allen

- Collin College Higher Education Center, 3452 Spur 399, McKinney
- Allen Municipal Court/Parks and Recreation, 301 Century Parkway, Allen
- Old Settlers Recreation Center, 1201 E. Louisiana, McKinney
- Smith Library, 300 Country Club, Wylie

For a complete list of voting locations go to CollinCountyTX.gov/Elections

For questions about Fairview’s general election please contact the Town Secretary, Tenitrus Bethel at TBethel@FairviewTexas.org or visit the Town of Fairview’s Town Elections webpage at FairviewTexas.org.

FAIRVIEW FIRE STATION NO. 1 CONSTRUCTION UPDATE

As of press time (March 1) the interior walls and flooring are near completion in the offices and dormitory quarters. Interior doors and ceiling tiles are being installed. Exterior landscaping and irrigation has also begun.

CLIMBING ROSES

Technically most rose bushes can become an elegant, fragrant covering for horizontal and vertical structures. Rose bushes will grow out of control if left alone, but you can train them to 'climb' a trellis, pergola, column or fence.

Training roses to climb

Simple steps to follow when planting a rose bush

Spring is the best time to plant a rose bush because it gives them sufficient opportunity to establish sturdy roots. Roses prefer full sun, so you should choose a location that averages at least six hours of sun per day. Early morning sun is usually better for roses vs. hot afternoon sun. Roses require a lot of space and should be placed away from trees, shrubs and other plants.

Roses need light, well-drained, nutrient rich soil. Choose a high quality soil and if possible mix with compost. If you choose a bare root rose bush, you need to soak the plant in a bucket of luke-warm water for an hour before planting. Also be sure to prune any leaves or hips from the stems.

The rose bush should be approximately a foot away from a trellis, pergola, column or fence. The hole you dig to plant the rose bush should be large enough for roots to spread out, usually twice as wide as the actual rose bush and the hole should be about 12 inches deep. Many rose growers like to sprinkle rose fertilizer, nutrients or bone meal in the hole before planting the rose bush.

Once you have planted the rose bush, water thoroughly, filling the hole to the brim with water. Let the water soak in and repeat several times which will help the roots from drying out. Finally fill the hole with soil, pressing gently as you go with your hands, until the roots are completely covered and soil is level. Do not pack the soil which could interfere with growth.

It is not too difficult to train the rose bush

to climb. Attach the stalks/canes of the rose bush to the trellis or fence loosely with stretchy cloth or plant ties from your local nursery or DIY store. Continue to repeat this step as new stalks/canes grow and you will have a beautiful climbing rose bush.

Household Hazardous Waste Collection

SATURDAY, APRIL 10, 2021

9 A.M. - 2 P.M.

**FAIRVIEW FIRE STATION #1
(500 STATE HIGHWAY 5)**

What to Bring From Home

The following items will be collected, free of charge.

Acid-based cleaners
Acid-based, lithium & rechargeable batteries
Aerosol cans
Ammonia-based cleaners
Antifreeze
Automobile batteries & battery acid
Car wax & cleaners
Cleaning solvents
Drain & oven cleaners
Fats, oils & grease
Filters & power steering fluid

Floor care products
Fluorescent bulbs
Furniture polish & varnish
Gasoline & diesel fuel
Ink cartridges
Kerosene & lighter fluid
Paint (latex & oil-based) stains, remover & thinners
Mercury thermometers & thermostats
Metal polishes
Motor oil

Pesticides, insecticides, herbicides & fertilizers
Pet care products
Pool chemicals
Transmission & brake fluid
Window cleaner
Wood preservatives

DO NOT BRING

Ammunition & explosives
Asbestos, arsenic & cyanide
Business/Commercial waste
Expired medications & prescription drugs

Fireworks
Medical, infectious, bio-hazards & sharps
Radioactive materials

To participate in the collection a valid driver's license with a Fairview address or a town issued water bill must be presented at the time of drop-off.

Put on your dancing shoes and join the McKinney Flute Choir as they dance into Spring with music from around the world at **7:30 p.m. Friday, April 16** at a free live virtual event at <https://allentx.swagit.com/live/>

The ensemble includes several members

From its origins in public safety as fire and police dispatch, to its many decades of music programming as an AM station, and now the premier classical FM station for North Texas, WRR has been a valued community partner.

vice and hear fascinating stories of WRR's vast contributions to North Texas's cultural landscape. Remember Jim Lowe and the Kat's Karavan that featured rhythm-and-blues artists? Or did you listen John Peel who later became a famed British disc jockey?

John Slate has been responsible for historic city government records in the Dallas Municipal Archives since 2000. A Fellow of the Society of American Archivists, John is also a member of the Academy of Certified Archivists.

Call Allen Public Library at 214-509-4911
for additional information.

MONTHLY OUTDOOR SIREN TESTING

At Noon on the first Wednesday of every month there is an audible test of the outdoor warning sirens.

Tests will not be performed during severe weather events. If Fairview is experiencing severe weather on a scheduled siren testing date, please assume the siren is weather-related and seek shelter immediately.

The Fairview outdoor warning system consists of pole-mounted sirens that are used to alert people, who are outside, of a pending severe event to seek shelter.

These systems are activated by the local public safety authorities based on specific criteria.

The Fairview system is activated by the Allen Public Safety (APS) dispatchers, as a courtesy to the Town of Fairview since

2009. The Fairview and Allen systems are provided by the same manufacturer, so it is very easy for APS to activate our system as they are activating theirs.

Our system can be used for a variety of warning purposes (ex: shelter in place for a hazardous material spill, assist in the search for a lost person, etc.) as it is essentially a very powerful public address system.

The Fairview system will be activated when:

- Wind speeds are greater than 70 mph.
- There is a threat of large damaging hail.
- During severe thunderstorm warnings where local storm spotters have witnessed lowering/rotating

clouds in the immediate area.

- There is a tornado warning for the immediate area with or without local storm spotter visual confirmation of lowering/rotating clouds.
- The Fairview Fire Rescue or Police Chief requests activation.
- **Monthly Siren Testing**

Audible siren tests are performed at noon on the first Wednesday of each month. Tests will not be performed during severe weather events. If Fairview or Allen is experiencing severe weather on a regularly scheduled date for siren testing, please assume the siren is weather-related and seek shelter immediately. Fairview Fire Rescue maintains the outdoor warning system located in Fairview.

Granite Countertop Maintenance

Granite is a porous stone and is prevalent on kitchen and bath countertops because of its durability and seemingly effortless care. Additionally, this gorgeous stone enhances the beauty and value of your home. However, granite countertops require routine maintenance and regular cleaning to safeguard against stains and water spots.

Good maintenance includes purchasing a few granite specific products such as a cleaner, polish or sealer. Non-granite specific products with harsh chemicals can damage the stone. It is also important to never use ammonia, vinegar or citrus on granite which can dull the finish. When using granite specific cleaner, spray or mist the countertops and let stand for one minute, then use a cotton or microfiber cloth to wipe away the cleaner.

If your granite countertops are dull, they may need to be polished. Using a granite polish, cover granite countertops evenly, let polish stand approximately 3 to 4 minutes, next remove the polish with soft cloth and gently hand buff with a cotton or microfiber cloth for a nice shine.

There is a quick and easy way to test whether the granite's finish needs to

be sealed or resealed. Drizzle a small amount of water on the countertop. Water beading on the countertops means you do not need to seal or reseal your granite but if the drizzled water seeps into the stone, a granite sealer is needed. A good granite sealer should be applied to dry clean granite. Follow the manufacturer's instructions when sealing your granite. Once your granite is sealed, use the water test again to make sure a good seal has been made. If water is still seeping into the granite, another coat of sealer may be needed.

To further protect granite countertops use coasters, trivets and cutting boards. Also clean spills and splashes as soon as possible. Granite countertops add value to your home so remember to routinely clean, polish and use the water test to check the seal of the stone.

HEARD HAPPENINGS

Annual Heard Plant Sale Fundraiser to Offer Milkweed and Other Native Plants

On April 24-25, 2021, the 32nd Annual Spring Plant Sale fundraising event at Heard Natural Science Museum & Wildlife Sanctuary will feature a huge selection of native plants, hard-to-find herbs and well-adapted plants.

There are a number of other benefits to using native plants in landscaping. Using these plants that are naturally suited to Texas' hydrologic issues is an excellent way to reduce supplemental watering. Many of the native plant species are also better suited to Texas' climate and provide food sources and habitat for many kinds of wildlife.

For over 30 years, veteran and novice gardeners alike have anticipated this rare opportunity to purchase some of the best plants for North Central Texas gardens and to obtain many rare plants. The Heard's plant sales also often feature a selection of native milkweed plants. Please see our website for the complete plant list (available soon) at HeardMuseum.org/PlantSale. Guests are

welcome to bring carts or wagons to facilitate their purchases.

The plant sale will be open to the public on April 24 from 9 a.m. to 5 p.m. and April 25 from 1 p.m. to 5 p.m. Museum admission is not required to attend the plant sale.

A Heard Museum Member Pre-Sale will be offered on April 23 from 4-7 p.m. The Member Pre-Sale is open to Heard Museum members only; however, memberships will be available for purchase at the event or online beforehand.

The Heard will require face masks that cover the nose and mouth for all visitors and

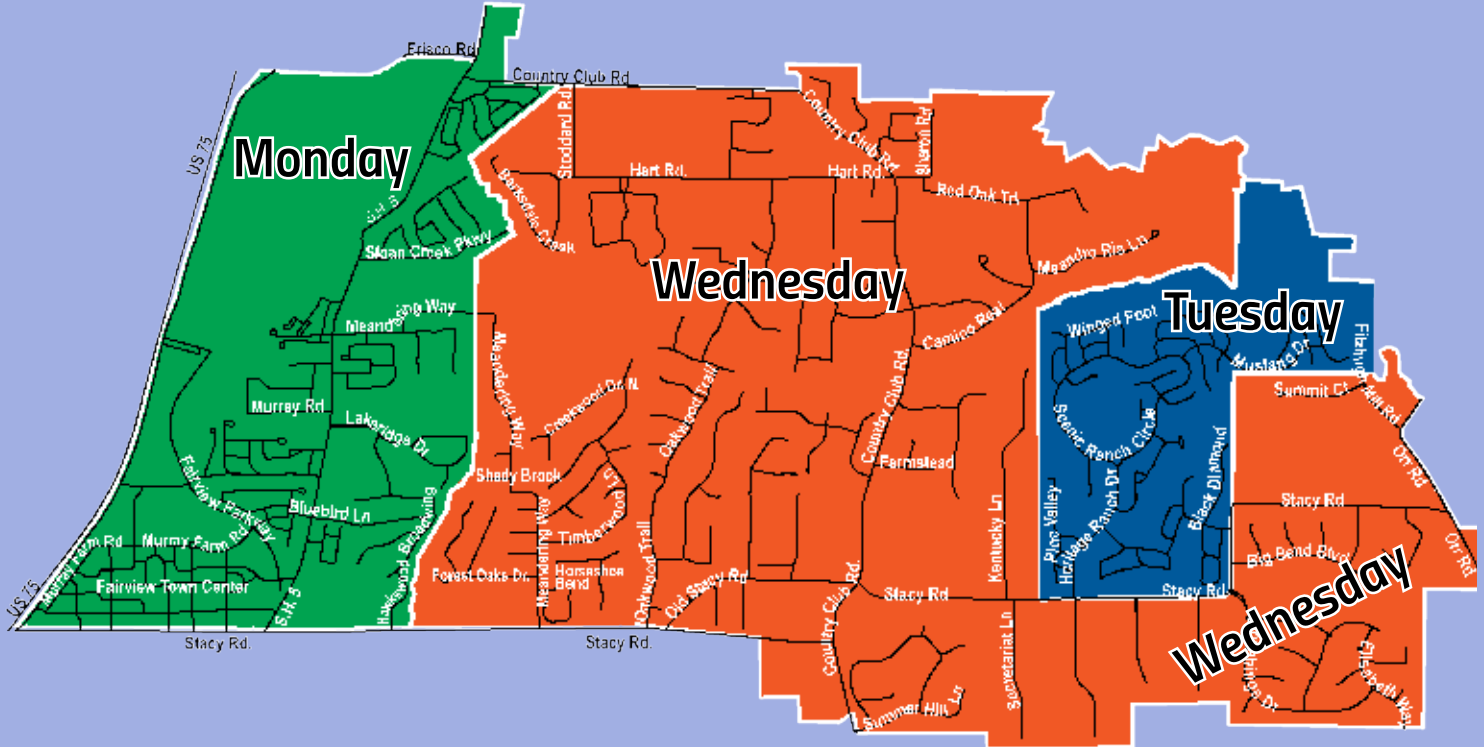

employees when they are in an area or while performing an activity which will necessarily involve close contact or proximity to other visitors (who are not in your visiting group), Heard staff or any captive animals* at the Heard (including those on the outdoor exhibit trail). Learn more at HeardMuseum.org/SpecialNote.

About Heard Natural Science Museum & Wildlife Sanctuary

The Heard was founded in 1967 by Bessie Heard. Miss Heard was 80 years old when she saw the need to preserve a place where future generations could experience nature. Today, the Heard's mission of bringing nature and people together to discover, enjoy, experience, restore, and preserve our priceless environment is carried out through education, particularly of young people, which emphasizes an appreciation of nature and its conservation. For more information, visit HeardMuseum.org.

Collection Maps

Trash & Recycle Pick Up

Brush & Bulk Pick Up

Collection Schedules

Trash, recycling and yard trimmings are collected weekly on Monday, Tuesday or Wednesday if all items are placed inside the cart with lid closed. Please place trash in the BLUE cart and recyclables in the GREEN cart.

Bulk waste and loose brush are collected once a month. Please refer to the map on the previous page to determine your pick up week. Bulk trash may be put out after 6 p.m. on the Friday before collection but no later than 7 a.m. on Monday of your collection week. Bulk trash may be picked up anytime during the collection week. **See #7 in the guidelines below for size limits.**

2021 Holidays: Trash, recycling, bulk and brush will not be picked up on the holidays listed below; instead the collection will slide one day after the holiday-unless otherwise noted.

January 1, New Year's Day-No effect
 May 31, Memorial Day-Roll Forward One Day
 July 4, Independence Day-No effect
 September 6, Labor Day-Roll Forward One Day
 November 25, Thanksgiving-No effect
 December 25, Christmas Day-No effect

Missed Collections/Damaged Carts: Call The Town of Fairview Utility Billing Department at 972-886-4242 to schedule a pick up for a missed collection or to report a damaged cart.

Hazardous Waste: Residents may dispose of household hazardous waste at the Home Chemical Collection Center located in Dallas. Call 214-553-1765 for information.

Remember These Simple Guidelines For Putting Your Trash Out

1. Place carts on the edge of the street/alley with handles facing the house and with the lids opening to the street/alley.
2. Keep carts two to three feet apart and away from fences, cars, gates, gas meters, etc...
3. All trash should be contained in securely tied plastic bags. All bags should fit into the cart with the lid closed.
4. Do not place hazardous household waste in your cart.
5. Place your carts out by 7 a.m. on pick up day; carts should not be left out after 6 a.m. the following day.
6. Do not place any items out side your carts; unless it's for bulk pick up.
7. Brush and bulk trash must not be more than 12 cubic yards which is equal to 4 pick-up truck loads.

DID YOU Residents can request additional curbside collection?
KNOW? Contact Utility Billing for pricing information.

Still have questions about trash, recycling, bulk or brush pick up? Contact the Town of Fairview Utility Billing Department at 972-886-4242 or via email at UtilityBilling@FairviewTexas.org.

We Hope You Are Enjoying

PRESCRIPTION DRUG TAKE BACK DAY

The Fairview Police Department is participating in the DEA's nationwide medication disposal program.

Medication can be disposed in its original container or by removing the medication from its container and disposing of it directly into the disposal box. Liquid products, such as cough syrup, should remain sealed in the original container. Caps must be tightly sealed to prevent leakage. Intra-venous solutions, injectables and syringes will not be accepted due to potential hazard posed by blood-borne pathogens.

Saturday, April 24, 10 a.m. - 2 p.m.
Fire Station #1, 500 S. State Highway 5
