

Residential Rain and Freeze Sensor Rebate Program

In order to encourage the conservation of water and to reduce run-off, specifically through the reduction of over-watering, the Town of Fairview has adopted a rebate program for rain and freeze sensors installed and utilized on residential irrigation systems.

To be eligible, a resident must have an active and up-to-date Town of Fairview residential utility account.

The program started on May 4, 2005; therefore, only approved irrigation systems installed on or after that date will be eligible for a rebate.

The residence must not already have a rain and freeze sensor device installed.

Only new, qualifying models of rain and freeze sensors will be eligible for rebate. A list of qualifying freeze sensors can be found online at www.fairviewtexas.org.

Applications must be received within 120 days of purchase, and must be submitted on an official completed town rebate form.

Rain and freeze sensor rebates will include the price of a qualifying rain and freeze sensor, installation hardware, and installation costs incurred by a licensed irrigator up to a maximum of \$50.00 per residential utility account.

All rebates are subject to the availability of funds during any given fiscal year. Requests will be processed and funded on a first-come, first-served basis.

Approved rebates shall be given in the form of a credit to the applicant's residential utility account.

No more than one rain and freeze sensor rebate per physical address shall be granted.

Homeowners' associations with current town utility service are eligible for one rain and freeze sensor rebate per water utility account.

The Town of Fairview does not require an irrigation permit to install a rain and freeze sensor.

Residential Rain and Freeze Sensor Rebate Form

Getting your rain and freeze sensor rebate is easy. Simply select, purchase, and install a new sensor from the qualifying list. Then, complete and mail (or drop off) this rebate application form, along with original copies of your receipt and proof of purchase. A town representative will visit your site within about thirty days to ensure the sensor is properly installed and functioning. If approved, your rebate, up to \$50.00, will show up as a credit on your water utility bill.

PLEASE PRINT LEGIBLY

Town of Fairview Utility Account Number: _____

Name of Account Holder: _____

Phone Number: _____ Street Address: _____

Brand of sensor: _____ Model of sensor: _____

Place sensor was purchased: _____ Date original irrigation was installed: _____

How was the new sensor installed? (*circle one*) yourself licensed irrigator other _____

If a licensed irrigator installed your sensor, provide the following information:

Name of licensed irrigator: _____ Company name: _____

Company address: _____ Zip: _____

License number: _____ Phone number: _____

Signature of licensed irrigator: _____ Date: _____

I agree to keep the sensor in place as long as I reside in the Town of Fairview.

I understand a representative of the town will verify the installation of my new sensor.

I understand the town does not endorse specific brands, products, or dealers; nor guarantee materials, workmanship, performance, or durability of the qualifying items.

I understand I may receive reimbursements not to exceed the amount outlined in the program guidelines.

The town will process my rebate in the form of a credit to my water utility account.

I understand that an incomplete application will result in a rebate delay.

I acknowledge that the town is in no way responsible for the condition of the plumbing on my side of the meter, now or in the future.

I certify that the information on this application is true and correct to the best of my knowledge.

Participant Signature: _____ Date: _____

DON'T FORGET:

- Copy of original invoice or sales receipt showing date (*May 5, 2005 or later*) and place of sale, date of installation if performed by a contractor, a description of the purchase, and the cost of the item and labor.
- Copy of the original proof of purchase with complete bar code (*if self-installed*).
- Retain a copy of all material submitted for your records.
- Return application to:
