Discuss Developments/Issues

Continuous Communication
Audit Process

• The audit was performed in accordance with Generally Accepted Auditing Standards (GAAS) and Generally Accepted Government Auditing Standards (GAGAS).

• The audit process was a risk-based approach in which we identified potential areas of risk that could lead to material misstatement of the financial statements. We tailored our audit programs and resources to specifically address the following areas of risk:
  • Revenue recognition and related receivables
  • Capital projects, purchasing and compliance with bidding procedures
  • Payables, accrued liabilities, and expenditures
Interim fieldwork and risk assessment were performed in October 2014. Procedures included:

- Walkthrough of accounting controls over significant transaction cycles:
  - Budget
  - Purchasing and Accounts Payable
  - Payroll
  - Cash Receipts – taxes, municipal court, utility billing

- Test of internal controls:
  - Cash disbursements
  - Payroll

- Test of compliance
  - Public Funds Investment Act
  - Bidding procedures
Final fieldwork- performed in January/February 2015

Procedures included:

• Testing of significant account balances using a combination of vouching of material transactions, sampling transactions and applying analytical procedures.

• Assisting with the preparation of the financial statements.
Auditor Communications for the year ended September 30, 2014
Auditor’s responsibility under generally accepted auditing standards (GAAS)

The financial statements are the responsibility of the Town. Our audit was designed in accordance with GAAS in the U.S. and provides for reasonable rather than absolute assurance that the financial statements are free of material misstatement. Our responsibility is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

The audit of the fiscal year 2014 financial statements has been completed and we have issued an unmodified opinion.

## Communication

<table>
<thead>
<tr>
<th>Auditor’s Responsibility under Government Auditing Standards</th>
</tr>
</thead>
</table>

## Results

In addition to the GAAS responsibilities, we are required to issue a written report on our consideration of internal controls and identify significant deficiencies, including material weaknesses, if any. Our report does not provide assurance on internal controls. We design our audit to provide reasonable assurance of detecting material misstatements resulting from noncompliance with provisions of contracts or grant agreements that have a direct or material effect on the financial statements. We issue a written report on the results of these procedures; however, our report does not express an opinion on compliance.

No findings noted.

Auditor Results
• We have issued the Independent Auditor’s Report on the financial statements
  – Unmodified opinion

• We have issued the Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards
  – We reported one significant deficiency related to the economic development agreement with Villages at Fairview, L.P. We recommended that management review the agreement and refine the model used to track activity related to it, incorporating any controls necessary, to ensure that the Town correctly pays and accounts for, amounts due under the agreement.
Areas of Strength and Accomplishments

- Management knowledgeable in municipal finance
- Full cooperation of Town staff
- No material weaknesses in internal controls
Financial Highlights
Governmental Funds Expenditures for FY 2014 totaled $11.2 million, a $0.4 million or 4% increase

- Public works increased $962K over FY13, due in part to a $640K payment to Collin County representing the Town’s share of the Stacy Road construction project costs.
- Debt service costs increased by $385K due to new bond issuances.
- Capital outlay decreased $1.0m as infrastructure and building projects were completed in FY13.
- Public safety costs increased $329K due primarily to increased staffing, capital, and outsourcing fire dispatch.
Comparison of Governmental Funds Expenditures

(2-year comparison – current year and prior year – in millions)
Financial Highlights

Comparison of Governmental Revenues by Source

Governmental Revenues for FY 2014 totaled $8.2 million, a $15K or 0.2% decrease. Decrease is primarily attributable to the solid waste fund, which reported $586K in the prior year, being reported as an Enterprise Fund in FY14, netted against increases in revenue sources such as intergovernmental ($183K), property taxes ($138K), and other ($128K).

FY 2013 Revenues
Comparison of Governmental Revenues by Source

(2-year comparison - current year and prior year - in millions)
Governmental Funds’ Fund Balances
As of September 30, 2014, the Town’s governmental funds reported a combined ending fund balance of $7.1 million as follows:

- General Fund $3,957,207
- Debt Service 382,790
- Capital Projects 2,578,412
- Other Funds 189,998

Overall, fund balance of the Governmental Funds increased by $1.1 million, primarily the result of a $1.4 million increase in capital projects fund due to issuance of $3.6 million bonds to fund road and street construction.

Budgetary Highlights - General Fund

The Town had a favorable budget variance of $34K (net change in fund balance):

- Actual revenues were $74K more than budgeted.
  - Franchise taxes were $54 more than budgeted.
  - Sales taxes were $53K more than budgeted.

- Actual expenditures were $40K more than budgeted.
Financial Highlights

Comparison of Proprietary Funds Operating Revenues and Expenses - FY 2014 and FY2013 (in millions)

- Proprietary funds net position decreased by $725K during fiscal year 2014, primarily the result of decreased consumption and a $561K transfer to the General Fund.
- Operating revenues and expenses increased $487K and $851, respectively, primarily due to the Solid Waste Funds, which was previously being reported as part of the General Fund, as a proprietary fund in FY14.
Standards Required to be Implemented in FY2015

Effective for the year ended September 30, 2015

GASB 68 - Accounting and Financial Reporting for Pensions

- **Objective**: to improve financial reporting by state and local governmental pension plans
- **Effect**: GASB 68 will require the recognition of net pension liabilities of employers in financial statements prepared on the accrual basis.

GASB 71 - Pension Transition for Contributions made Subsequent to the Measurement Date - an Amendment to GASB 68

- **Objective**: to address an issue regarding application of the transition provisions of GASB 68. The statement requires that when transitioning to the new pension standards, the entity recognize a beginning deferred outflow of resources for the pension contributions made during the time between the measurement date of the beginning net pension liability and the beginning of the initial fiscal year of implementation.
- **Effect**: GASB 68 will require the Town to recognize the beginning deferred outflow concurrent with the recognition of the net pension liabilities.
We appreciate the opportunity to work with Town of Fairview and look forward to our continued relationship.
