

Certification of House-Pool Protection Device Installation

I certify that I am the homeowner at _____ and that one of the following swimming pool protection devices will be installed between all doors leading from the house and garage into the swimming pool area at or before the pool final inspection (check one or both if provided).

_____ 1. All doors leading into the pool area are equipped with an alarm that sounds continuously for at least thirty (30) seconds within seven (7) seconds after the door and its screen, if present, are opened. It must be capable of providing a sound pressure level capable of being heard throughout the house during normal household activities. The alarm shall automatically reset under all conditions and be equipped with a manual means, such as a touch pad or switch, to temporarily deactivate the alarm for a single opening. Such deactivation shall last no longer than 15 seconds. The deactivation device shall be located at least 54 inches above the threshold of the door.

_____ 2. All doors leading into the pool area are equipped with self-closing and self-latching devices installed within the release mechanism located a minimum of 54 inches above the floor.

_____ 3. The pool is equipped with a powered safety cover which complies with ASTM F1346
